

TURISTICA IL GABBIANO

EMBARKATION BASE & OFFICE

The base of the "Turistica il Gabbiano yacht charter" is located within the Portorosa Complex, on the north coast of Sicily. Just 15 miles to the Aeolian Islands. The boats are moored in front of the office. Once the customer arrives, he will not have to move again.

Our base offers a large garden where customers can refresh themselves from the trip and wait for boarding procedures. We also have a service corner with showers and toilets.

In case you will arrive some day earlier we suggest taking time to discover the Area. There are, in fact, many important archaeological sites and fascinating cities to explore. Just 15 minutes away there is Tindari Dome and Greek ruins. In 40 minutes, Capo d' Orlando and just an 1 hour away the beautiful Cefalu'. Santo Stefano di Camastra is very famous for the handmade Ceramics. Coming from Catania you can stop in Acireale and Acitrezza or visit Etna Mountain.
